

MUSIC 140
CHECKLIST FOR e-Portfolio ASSIGNMENT

Below is a checklist for this assignment. As you complete a requirement, check it off to help you keep track of accomplishments. **PROFESSIONALISM IS EXTREMELY IMPORTANT.** Check grammar and spelling! If you have not done so, activate your webspace at: <http://www.personal.psu.edu>. It must be done at least 3 days before the first lab meeting. All copyright laws must be followed.

You must have a **HOME** page and **links to 4 categories:** _____
1. Philosophy of Education _____
2. Teaching _____
3. Conducting _____
4. Performing _____

Each category must **link back to** the Home page. _____

You should also have links to the **PSU Homepage** and the **PSU School of Music** (links back to Home also). _____

Home Page should hold pictures of you, PSU or Nittany Lion clip art (*required*), your instrument, etc. It should be designed to attract interest about YOU. It will have links to your other categories, PLUS the PSU websites. Add your **contact** information also. _____

Philosophy section will have the written Philosophy you are developing this semester. Choice of background, font, and size are *all* important to present it professionally. _____

Teaching will hold your video clip. You **MUST** have a written *introduction* to what we are going to see. Include your *lesson plan*, and then a **REFLECTION on how you feel it went**, and what you learned from it. This is all required of you for student teaching, and now is the time to work on it in smaller doses. _____

Conducting may not have data entered. Just establish the page, and say it is in development :-)

Performing should have at *least* a program, repertoire list, perhaps photos, scanned music, or descriptions of performances. Information which makes it personal is better for the viewer. Perhaps add aural clips. _____
